STIX, BAER & FULLER HOBBY SHOW

Week of April 9, 1934

ASSEMBLY HALL
NINTH FLOOR

NINTH FLOOR...ASSEMBLY HALL

A great many people have been thinking about and talking about the "New Leisure," resulting from N.R.A., and the productive uses of such time. For thousands of men and women and children this offers no problem. Their absorbing interest in their hobbies fills every spare hour chockful of fun and fascination.

Stix, Baer & Fuller presents its first Hobby Show in the hope that many people who attend it will be stimulated to choose hobbies that they may ride. We are particularly indebted to those "hobbycrats" whose names appear in this program and who have helped to make this exhibition possible.
